INTRODUCTION

HBK (HAMAD BIN KHALID) STEEL FABRICATION FACTORY is one of the divisions of **HBK Holding** and an associate of **HBK Contracting Co.** **HBKSF** was established in the year 2011, specializing in **Steel Fabrication** and **Erection** along with **Roofing Installation Works** undertaking prestigious projects in the State of Qatar.

HBKSF's Management Systems has been successfully audited in line with **ISO 9001:2015, 14001:2015 & BS OHSAS 18001:2007** standards respectively.

HBKSF incorporates works related to designing, manufacturing, supply and installation of various types of fabricated structures that is used widely in different industries. Some of these include steel structure buildings, pressure vessels, pre-engineered buildings (PEB), storage tanks, piping and piping racks, industrial and commercial buildings, technological fabrication, etc..

Leading in Design using the latest technology, Fabricator & Installer of Steel Structures, Space Frame & Standing Seam Roofing Systems Installer.

OUR MISSION

HBK (HAMAD BIN KHALID) STEEL FABRICATION FACTORY maintain its success and reputation in the complex steel building construction line of business and our mission is to be among the top tier steel companies in the State of Qatar.

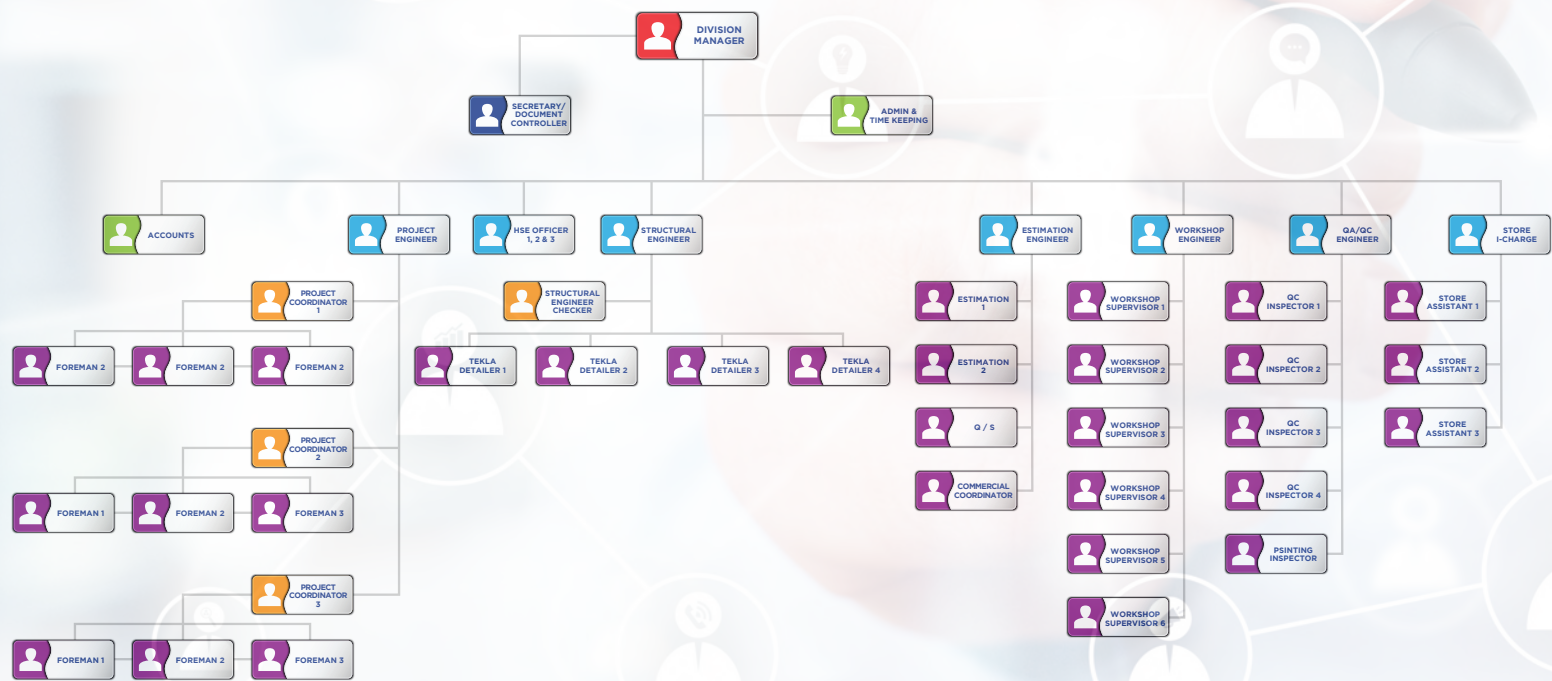

Keeping a world class standard of quality of work and professionalism. Exerting an extra mile to provide optimum services for each client.

Evercontinuing Research and Development and improving our technology and designs to cater to the country's demand as well as each client preferences.

Valuing our team players and helping them to achieved growth and success simultaneously with the company.

ORGANIZATION CHART

CERTIFICATIONS

OUR QUALITY, OCCUPATIONAL HEALTH SAFETY AND ENVIRONMENTAL POLICY

HBK (Hamad Bin Khalid) Steel Fabrication Factory is involved in the engineering design and fabrication of industrial steel structures, piping, pressure vessels and storage tanks works in the State of Qatar. Consistent with its mission and vision, **HBKSF Management** has established **Quality, Environment, Occupational Health and Safety policy** as a guiding principle for setting its specific goals and performance metrics.

Our goal is to ensure total satisfaction of our Customers through continual improvement of effectiveness of our services in achieving and maintaining excellence in all aspects of our activities. **HBKSF** is committed to achieve this policy by adhering to the following principles:

- Streamline and continuously improve our processes in order to meet and exceed our client's specification requirements.
- Ensure total client satisfaction by providing best quality services along with the efficient and timely completion of the same.
- Establish and implement practices for high standard of Health and Safety of its employees, visitors, contract personnel.
- Prevent occupational injuries, ill health and pollution due to our operations by identifying and controlling its **Occupational Health & Safety** risks and improving its performance.

- Ensure that all personnel are aware of the risks present in their workplace and perform their health and safety responsibilities as set out in their job descriptions.
- Conducting operations in an environmentally responsible and sustainable manner for optimal use of resources and minimum generation of waste.
- Integrating economic, social and environmental considerations into decisions to ensure that the measures adopted are cost effective and in proportion to the significance of the environmental issues being addressed.
- Consultation and participation with our personnel on matter affecting their health and safety at work.
- Ensuring the protection of environment is one of the fundamental considerations in decision making.

- Promoting awareness among contractors, strategic partners public and individuals within the organization to adhere to high standards of practices to ensure environmental sustainability and workplace occupational health and safety.
- Committed to comply with all applicable legal and statutory requirements that govern our operations.

HBK Steel Fabrication Factory management requests all employees of the company that they are aware about this policy and to contribute their skills and talents to implement, maintain and continually improve the Quality Management System.

OUR CAPABILITIES

CUTTING

CNC Plasma Cutting Machine
 CNC Oxy Flame CNC Cutting
 CNC Plate Drilling Machine
 Band Saw Cutting

MACHINING

Lathe
 Radial Drilling
 Column Drilling

BLASTING & PAINTING

Automatic
 Blasting Machine
 Airless Spray Painting

MACHINES

KALTENBACH BEAM LINE

Automatic Beam Blasting,
 Cutting, Drilling
 & Measuring Machine

KALTENBACH PLATE PROCESSING CENTRE

FORMING

Shearing Machine
 Plate Bending Machines
 Profile Bending Machine
 C & Z Profile Forming
 Machine
 Roll Profile Forming
 Machine
 Plate Rolling Machine
 Punching Machine
 Pipe Bending

AREAS OF EXPERTISE

ENGINEERING

The Engineering team at **HBKSF** is not only equipped with modern technology software but also with professional application mind. We have the proven ability to deliver the designs based on customer ideas, ease of manufacturing & inspection.

FABRICATION

With sophisticated latest technology equipment and machinery, **HBKSF** is capable of fabricating complex structures, intricate profiles, close tolerance items, highly technical and aesthetically appealing finish products. The products manufactured at **HBKSF** go through rigorous quality checks and have been consistent in delivering happiness to all our customers.

INSTALLATION

We are fortunate to have highly skilled engineers, supervisors and erection teams who have demonstrated great ability for erection of heavy equipment at places where the accessibility is a challenge keeping safety as the priority and have found success 100% in all the projects that has been undertaken by **HBKSF** with zero incidents.

AREA

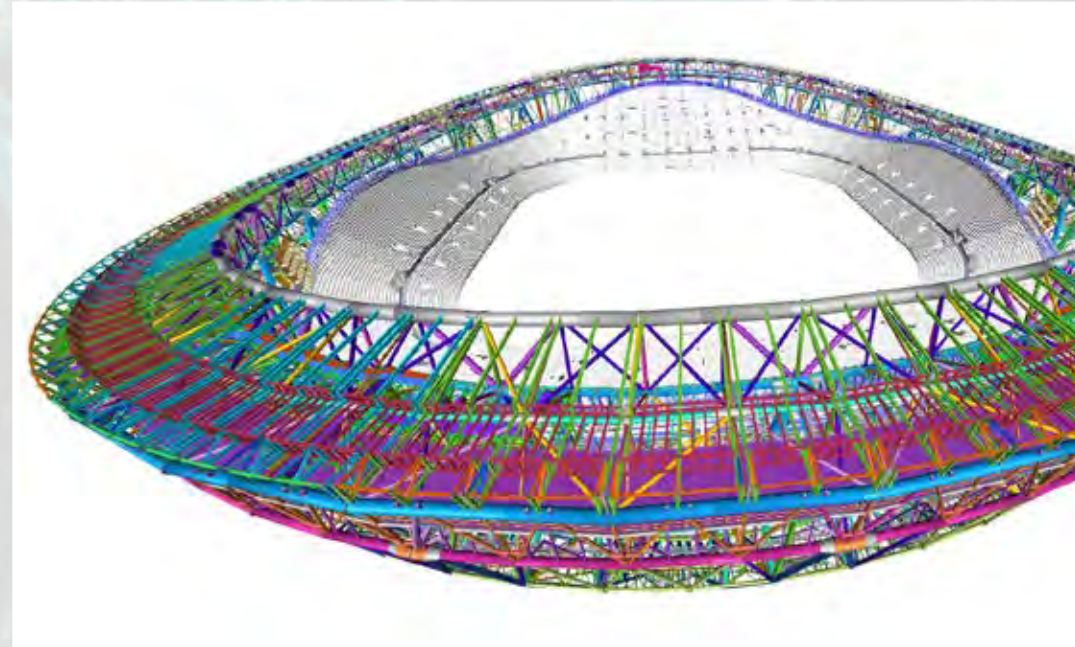

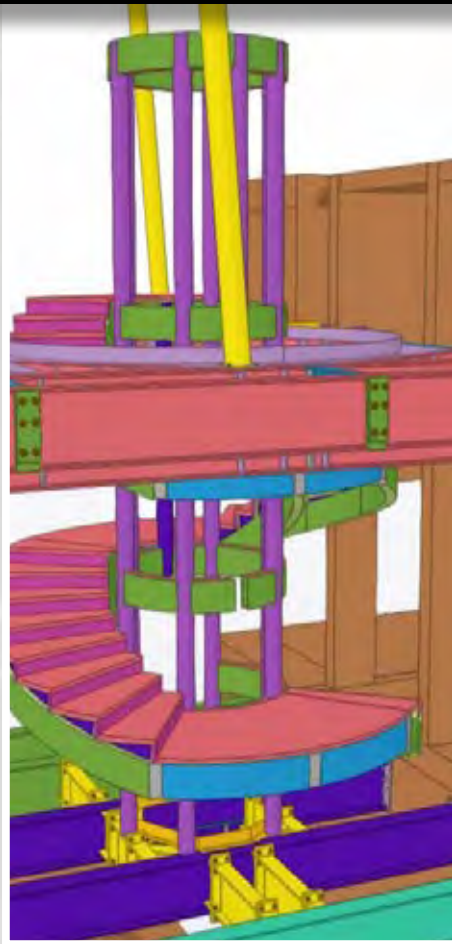

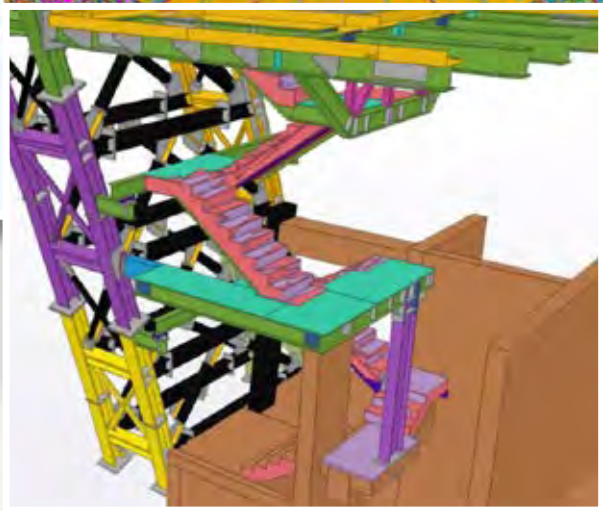

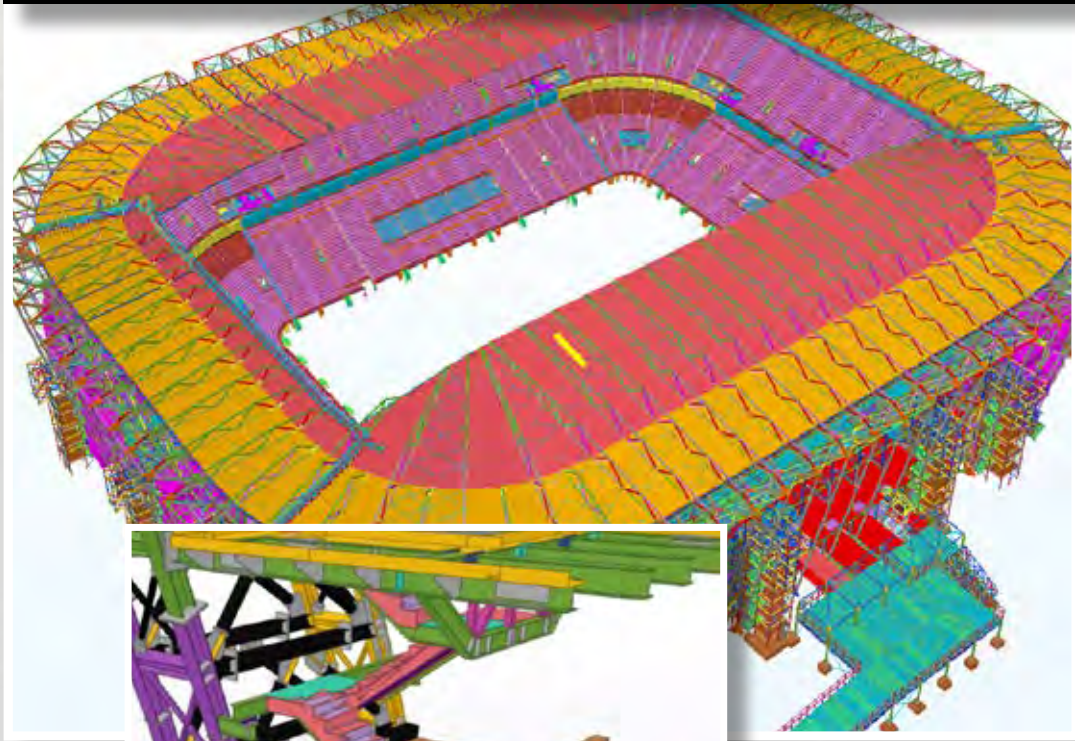

The area for fabrication fully covered with overhead cranes, a dedicated area for blasting and painting area equipped with high technologies in this field along with an over-all area of **26,000 m2**.

• **26,000 m2**

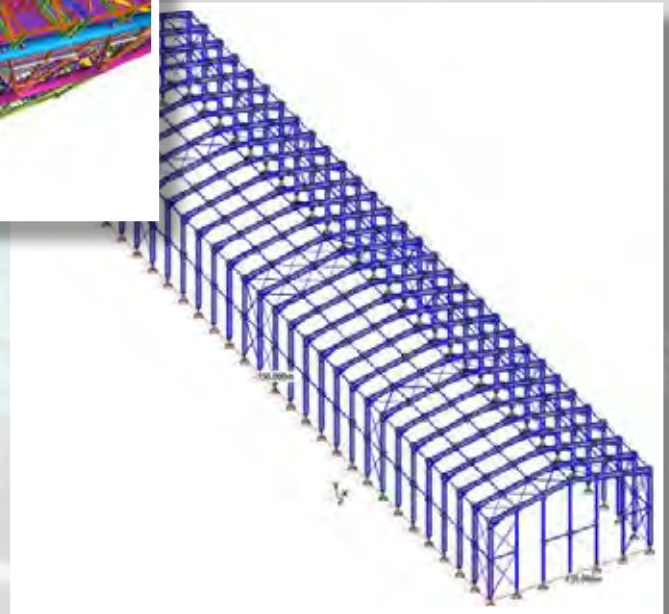

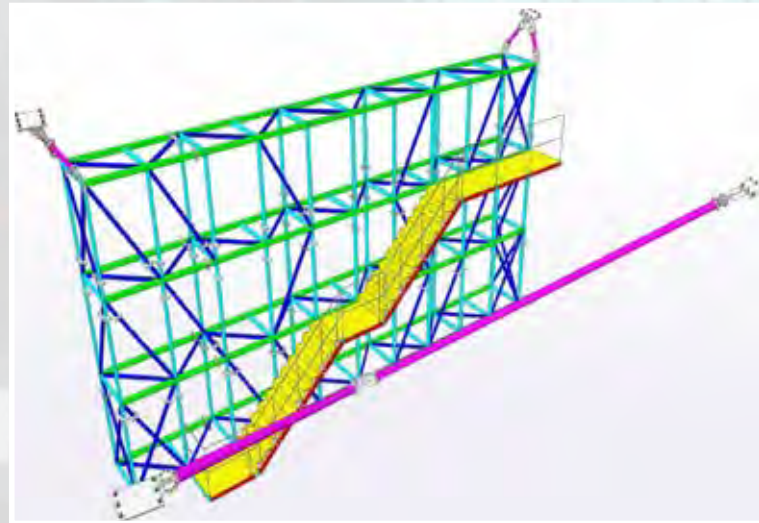

- Factory
- Painting
- Machine Workshop
- Store
- Offices

ENGINEERING

Our Engineering Department is staffed by a team of Professional Engineers with expertise in all aspects of Structural Steel Design, Fabrication and Erection. Using the latest versions of internationally renowned software for designing as well as drafting.

We have been responsible for the structural analysis and design of projects. All our structural detailers work on Tekla Structures which enable them to manage precisely even the most complex steel connections which made the department very efficient.

EQUIPMENTS

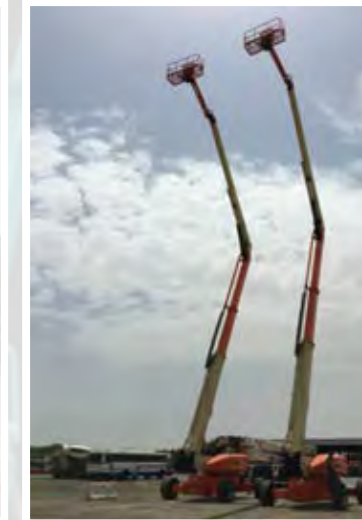

**MOBILE CRANES
AVAILABLE FROM
25 TON TO 220 TON**

**CRAWLER CRANES
AVAILABLE FROM
50 TON TO 550 TON**

**MANLIFTS
AVAILABLE FROM
16 MTR. TO 58 MTR.**

**FORKLIFTS
AVAILABLE FROM
3 TON TO 16 TON**

LIST OF MAJOR PROJECTS (Completed & On-going)

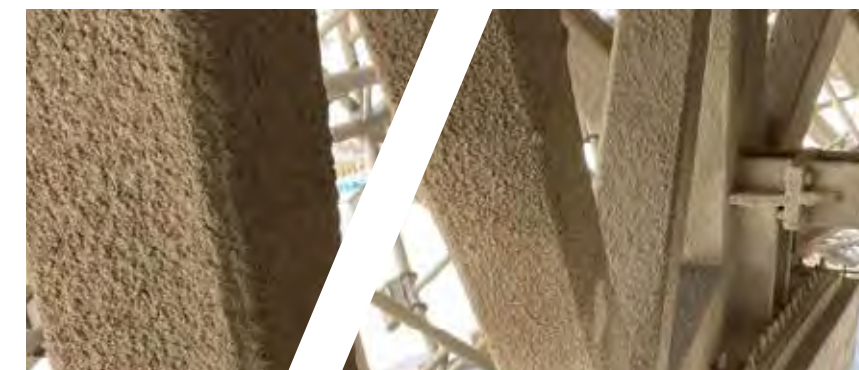

S/N.	PROJECT DESCRIPTION	CLIENT	REMARKS
1	Ras Abu Aboud Stadium & Precinct Project	HBK CONTRACTING COMPANY	Ongoing
2	Lusail Stadium Project	HBK CRCC JV	Ongoing
3	Military Medical Camp Project	HBK CONTRACTING COMPANY	Ongoing
4	Lusail Katara Tower Phase 2 (540)	HBK CONTRACTING COMPANY	Ongoing
5	Katara Twin Tower Project	KATARA HOSPITALITY	Ongoing
6	Pedestrian bridges - SL 56 & SL 58	ASHGHAL	Ongoing
7	Construction Site 21, Al Wakra Bus Depot	AL TAWFEEQ & PARTNERS CONTRACTING W.L.L.	Ongoing
7	METRO - Green Line Project (Walkways)	HBK-PORR-SOUDI BINLADIN JV	Completed
8	Msheireb Doha Downtown Project - Obayashi-HBK JV - Phase 3	MSHEIREB PROPERTIES	Completed
9	Office Tower at Airport Road	HBK CONTRACTING COMPANY	Completed
10	Doha North Sewerage Treatment Plant	HBK CONTRACTING COMPANY	Completed
11	Portable water tanks	ARCHIRODON	Completed
12	Chemical storage Tanks	PROTECT TECHNICAL	Completed
13	HBK Real Estate Office Building	HBK CONTRACTING COMPANY	Completed
14	Fish Farm Steel Building	INJATECH	Completed
15	RLIC Car Parking Shades & Shelters	SIMPLEX	Ongoing
16	Mono tube Fabrication & Installation at NDIA	LEO STEEL	Completed
17	Canopy (NDIA)	LEO STEEL	Completed
18	GulfRay (QIIB) Handrails	HBK CONTRACTING COMPANY	Ongoing
19	JK1 Cultural Forum - Msheireb Project	HBK CONTRACTING COMPANY	Completed
20	Qatarlum - Stainless Steel Tanks	QATALUM	Completed
21	DSU & Pipe Support Service (Archirodon - Nakilat)	ARCHIRODON	Completed
22	New Doha Port Site Facility (NPP - Commercial Terminal)	AECOM	Completed
23	Msheireb Doha Downtown Project - Phase 1	ALFUTAIM CONTRACTING COMPANY	Completed

S/N.	PROJECT DESCRIPTION	CLIENT	REMARKS
24	Lusail Project (CP06)	HBK CONTRACTING COMPANY	Completed
25	Qatar Academy - Alkhor	QATAR FOUNDATION	Completed
26	Qatar Academy - Al Wakhra	QATAR FOUNDATION	Completed
27	HBK Remix -Factory Building	HBK CONTRACTING COMPANY	Completed
28	Abu Nakla - Labour Camp	HBK CONTRACTING COMPANY	Completed
29	Doha Metro - Green Line Miscellaneous Structures	AUCC	Completed
30	Bani Hajir - Steel works	HBK CONTRACTING COMPANY	Completed
31	Al Rayyan Block Factory	HBK CONTRACTING COMPANY	Completed
32	Mega Reservoir - Um Salal Ali	HBK CONTRACTING COMPANY	Completed
33	Lusail (Katara Project) Site Office & Facilities	HBK CONTRACTING COMPANY	Completed
34	Q Rail (Doha Metro Phase 01)	Q RAIL	Completed
35	Union Precast Factory Building	HBK CONTRACTING COMPANY	Completed
36	Qatar Rail -Rayyan Station - Miscellaneous Structures	SPH-JV	Completed
37	Q Rail - Doha Metro Gold Line - RBA Stabling yard	AUCC	Completed
38	Doha Metro Green Line (Miscellaneous structure)	AUCC	Completed
39	Precast Factory Building	AUCC	Completed
40	Fish Farm Steel Building	INJATECH	Completed
41	8 Schools at Ain Khaled & Al Khor	ASHGHAL	Completed
42	Tawar Mall	TAWAR MALL	Completed
43	Workshop & Accommodation - St. 52 Industrial Area	MARBU CONTRACTING CO.	Completed
44	EPC Waste Management Facility at RLIC	QATAR ENGINEERING & CONSTRUCTION CO. / QATAR GAS	Completed
45	Road Sign Production Plant	QMEDIA	Completed
46	Workshop & Office Building for QCON at RLIC	QATAR ENGINEERING & CONSTRUCTION CO.	Completed
